1. Should lower income parents who choose to educate their children in a non-public school be eligible to receive a state-funded scholarship grant to assist with the cost of tuition and fees?
   ___X___ Yes _____ No _____ Undecided

   If schools in a child's district is not providing them with the level of education they need to be successful then a child and his or her parents should have the right to seek out the best possible education for that child. It is up to NC to make sure every school is providing a quality education for every child.

3. Should the advertising budget for the North Carolina lottery be increased in an effort to increase lottery ticket sales?
   _____ Yes _____ No __X__ Undecided

   The education lottery needs to be revisited by the GA to discuss the distribution of funds to our state schools.

8. Should organizations that provide abortions be allowed to receive state funds?
   _____ Yes __X__ No _____ Undecided

   I believe that Healthcare should be afforded to every North Carolina citizen to then decide what they use that insurance for.

10. Should human embryos be used for research purposes?
    _____ Yes _____ No __X__ Undecided

    This should be a parent lead decision, just like organ donation.

12. Should churches and other qualified religious organizations continue to receive tax-exempt status?
    __X___ Yes _____ No _____ Undecided

    I feel that they should keep their tax exempt status but they should also have to provide documentation of what they use the funds collected on. I also think it should be mandatory that they provide assistance to the community using a percentage of funds collected.
