Good afternoon NC Family Policy Council,

Thank you for extending the deadline. I've answered the questions that are most relevant to the office for which I'm running. Most of the questions are about a legislative area where the NC Commissioner of Agriculture seldom weighs in.

I'll add that I am very interested in making sure every North Carolinian has enough to eat, especially children and expectant mothers, and that our agricultural economy reverses its long but steady slide so our rural communities and small towns can return to prosperity. And I will do what's in my power to make sure that our wildfire prevention efforts are properly funded, that North Carolinians aren't cheated at the gas pump or the grocery store, that we stop disease outbreaks in our livestock herds and flocks in a timely fashion, and that we reduce the overburdening of our animal shelters by properly funding pet spay and neuter efforts.

Thank you for your time,
Sarah
