Please see my Survey for US Congress District 6.

Here is a few of my answers typed out in case you can't
Read my answers it was not much space.

1. We must abolish all abortion. President Trump is wrong on this issue we must defend life from conception without exception.
2. I think this is states issue but I could also see a argument that it's a federal one because it crosses state lines.
3. Civil Government should not set wages and prices. This in inconsistent with the principles of individual liberty and the free market.
7. This is a state issues. The Federal Government has no authority to interfere in education. We must return it to the states.
12. Churches should be free without government involvement. Churches should not have to be 501c3. This is a trap setup by the government.
